

Rattlesnake Avoidance Clinic for Dogs

Hosted and Sponsored by the Santa Rosa Plateau Riding Club

*If your dog spends any time outside in your yard, field, or on trails, they are in danger of
RATTLESNAKES!*

This clinic is conducted by professional dog and snake handlers who utilizes a two-fold technique:

TEACH TO STAY AWAY

The training methods are safe, humane and are a proven way to avoid rattlesnakes, which can be found anywhere. Their bites are quite common, very dangerous, and are expensive to treat. Our avoidance training teaches dogs to recognize and stay away from the **scent**, **sound**, and **sight** of rattlesnakes.

EDUCATION AND SAFETY

The safety and comfort of your dog is our highest priority! The training takes place in a controlled environment using a remote-control training-collar system adjusted specifically to each dog's temperament, personality, and physical response characteristics. We use only the minimum level of stimulation to produce the desired education. Yearly training is recommended to refresh and strengthen your dog's rattlesnake awareness.

VACCINE AVAILABLE: First timers or small dogs will need more than one vaccine. A rattlesnake bite can flood a small dog's body in minutes, so they must have more anti-venom in their systems to be protected. The Vet will recommend the appropriate dose for your dog. Vaccines only avail on Saturday the 8th between 9-3pm.

NOTE: if you are **ONLY** getting the vaccine with **NO** training, pay online and then show up between 9-3, Sat only

TRAINING CLINIC DATES: May 8-9TH

RATTLESNAKE VACCINATIONS will be available on Sat, 8th (only)

Clinic Fee per dog \$75.00*

Rattlesnake vaccine per dog \$35.00*

***Appointments can be made after payment have been received.**
